

THE LOCKPICK

Fixed price advice to help you unlock and exit or re-negotiate a key contract

Why

The recent Brexit vote has resulted in considerable economic uncertainty in the UK. We are already seeing increased pressure on contractual relationships, with parties looking to manage costs, increase value or simply get out of a contract which has become unprofitable or which no longer meets their business needs. A clear understanding of your legal rights allows you to manage, renegotiate or exit contracts in a way that strengthens your position while minimizing your exposure to risk.

What

Ortolan Legal will review your contract and provide you with a detailed written report advising you on your options to terminate or renegotiate and the risk factors associated with this.

Cost

A **fixed fee of £995 + VAT** per contract. No hidden extras and no strings attached. All new instructions subject to customary checks including money laundering compliance, conflict checks and our terms of business.

Next steps

For more information contact Erica Simpson on 020 3743 0600 or esimpson@ortolan.com.
